KFL&A Public Health

FREE PANDEMIC H1N1 Immunization Clinics

Some people really need to be protected from pandemic H1N1 as soon as possible.

We are urging these people to get the vaccine as soon as it's available at KFL&A Public Health's Pandemic H1N1 Community Immunization Clinics include:

- ✓ **People under 65 with chronic conditions,**
- ✓ **Pregnant women** (please call the Influenza Info Line first),
- ✓ **Healthy children 6 months to under 5 years of age,**
- ✓ **Health care workers, and**
- ✓ **Household contacts and care providers of persons at high risk who cannot be immunized or may not respond to vaccines.**

Once this group is protected we will want to see every other KFL&A resident who wants the vaccine at our clinics for their pandemic H1N1 influenza vaccine.
